Lošinj

A MAGICAL ISLAND

Once you step on Lošinj and breathe in the fragrant air, you will know that this place is magical. Situated in Croatia, in the Northern Adriatic, where the sea is the bluest and deepest, Lošinj is the island that will take your breath away with its rich nature; counting more than 1000 aromatic and healing herbs, more than 2600 sunny hours per year and the cleanest sea with a colony of 120 bottlenose dolphins. A true oasis for falling in love on the spot. Climate Health resort since 1892.

Čikat Bay

LOVE AT FIRST SIGHT

The rugged coastline offers vast beauty in its inlets and bays but the most beautiful of them all is Čikat Bay. The thick, centennial pinewood, a home of tireless cicadas playing an ongoing concert, creates an intimate, sophisticated atmosphere shading the bay not only from unpredictable winds but also from the eye of the curious. Fragrant, peaceful and sunny, Čikat Bay has, throughout decades, offered an ideal environment for all the senses, as well as perfect comfort in its luxurious hotels & villas.
